Design & Installation Service

Innovative ideas & designs
with reading & learning at
the heart.

The image is a 3D architectural rendering of a library interior. It features a variety of bookshelves in different shapes and sizes, some with integrated seating. There are several round tables with blue chairs, and a central area with a curved bookshelf and yellow stools. The room has large windows with a view of a green landscape. The overall design is modern and functional.

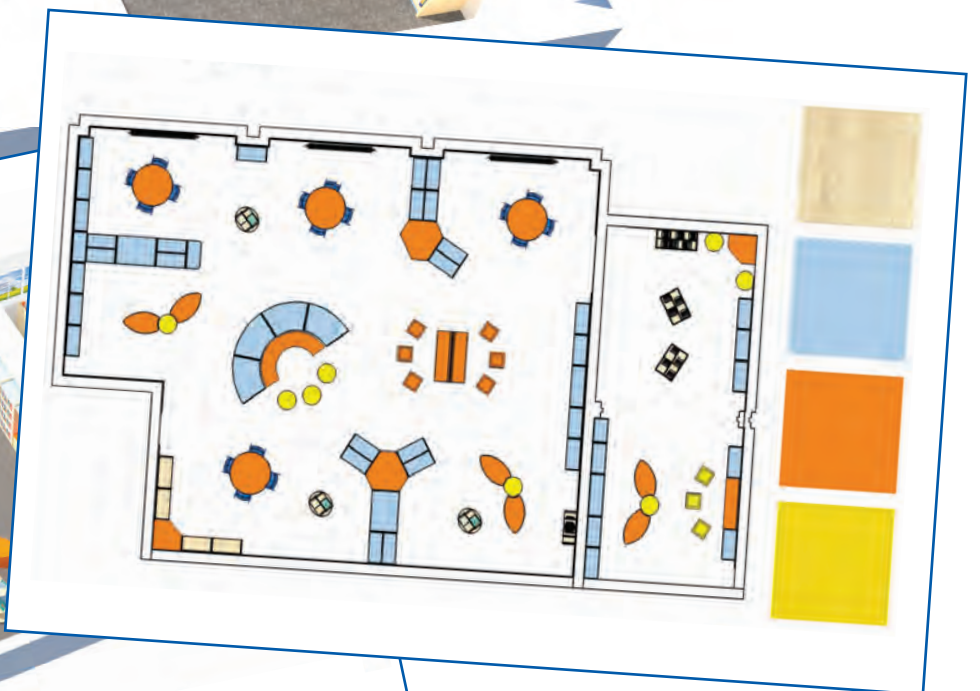

Planning to create a new Library Space?

Looking for inspiration and new ideas?

Want to know exactly how a new design will look?

Talk to us today about our design & installation service to transform your Library and School.

Get a design from our experienced design team.

Designed by us - See your new Library in 2D and 3D drawings.

From Concept to Installation.

Whether you are an Academy, School, College or University, we pride ourselves on our professional, innovative and reliable service. We take your vision from the initial idea to designs & plans, right the way through to production and installation. Our process works fully to your convenience to ensure minimal disruption.

Expert Design

Inspiring Children and students to read and learn is at the heart of all of our designs which are thoughtfully made to give motion and flow to any space making it a more social and visually engaging area. We want to make your library space the hub of your school, a place for students to socialise and learn. We understand that a modern school Library needs to be flexible, inviting and energising, ready for a wide range of learning activities.

Creating a Flexible Environment

Our versatile furniture can be used to create zones or pods that could be dedicated to different subjects, genres or activities. Large group work areas can be arranged for whole classes, or small reading dens can be made for readers hoping to get lost in their books.

An Engaging Display

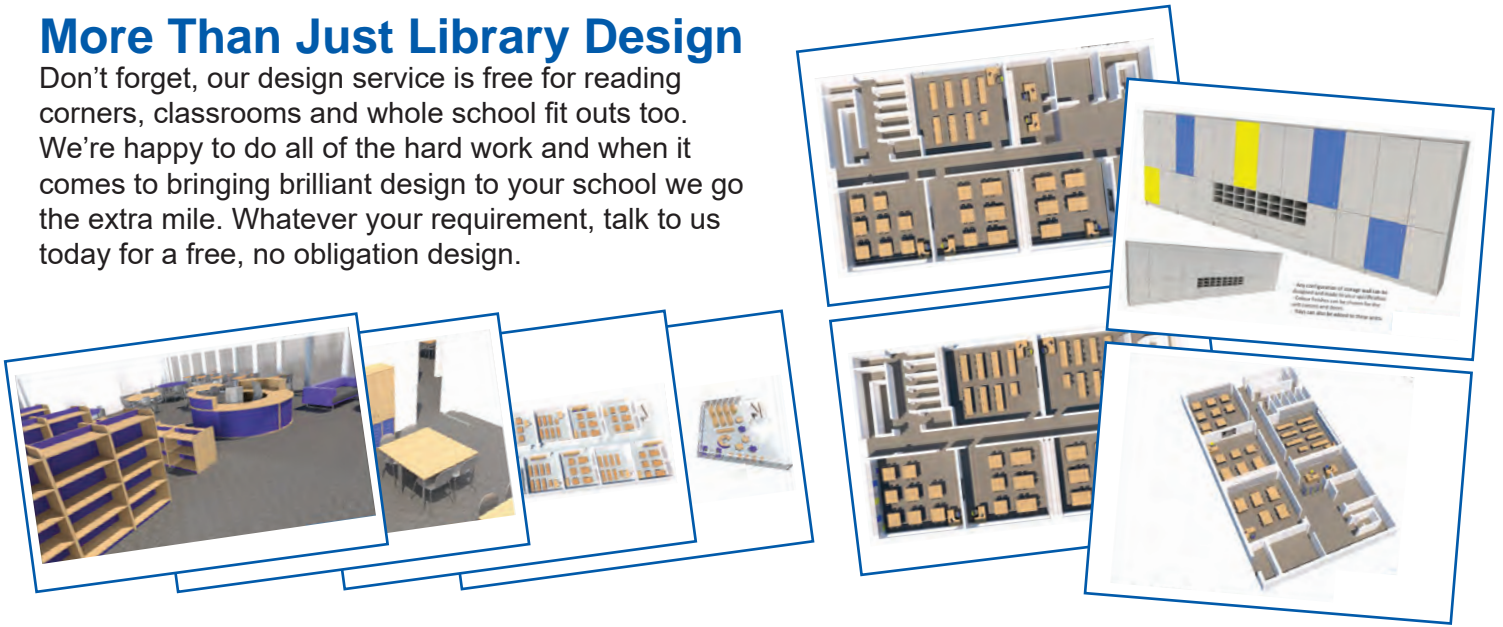

Using a mix of bright colours and elegant curves, our designs give a contemporary look that will energise students and transform any room. We use a wide range of soft seating to create group circles, break outs and fun hideaways that spark imagination.

You're In Safe Hands

Our market leading range of educational furniture has been developed working directly with schools and by our own team of experienced in house designers. No matter how big or small your Library or Classroom project may be, we can create the perfect learning space. Our team will meet you at your school when possible to take measurements and start the design process. Alternatively try our remote design process for even faster results.

More Than Just Library Design

Don't forget, our design service is free for reading corners, classrooms and whole school fit outs too. We're happy to do all of the hard work and when it comes to bringing brilliant design to your school we go the extra mile. Whatever your requirement, talk to us today for a free, no obligation design.

OneStore Teaching Wall 2.0

The OneStore is our flagship Teaching Wall. Designed for teachers and their classrooms. The OneStore creates an ordered room with efficient storage space, ideal to keep students focused and minimise distractions. Modular in its assembly, this teaching wall can be made into any configuration that fits the needs of the area or teacher.

The OneStore 2.0 features 48 Gratnells storage trays in a choice of colours, along with generous cupboard and shelving storage. By having everything conveniently stored away, the learning environment is free from distractions. The centre of this teaching wall is the interactive whiteboard housing. This will fit most

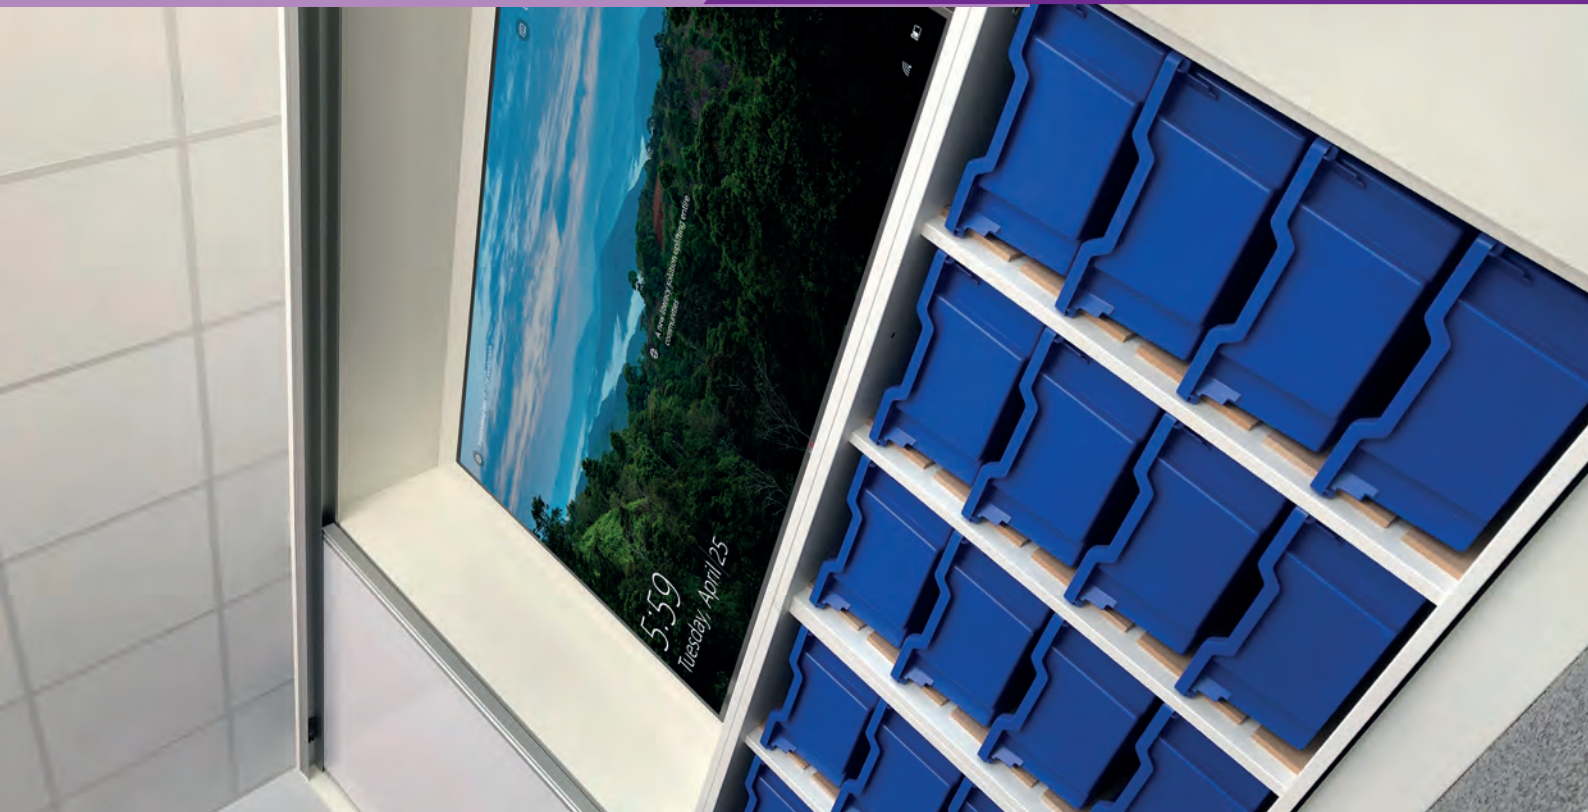

interactive whiteboards. With the screen fitted in the middle of the teaching wall, it gives students a clear focal point.

The OneStore 2.0 includes 2 sliding whiteboard doors which can be used for writing and teaching. The whiteboard doors are soft closing, features aluminium handles on each side and use an aluminium track system.

A teachers desk is incorporated into the design with a removable back panel inside a low cupboard for easy access to data and power ports.

Available in a choice of 5 colours and made from 18mm solid MDF. All with a 10 year guarantee.

The OneStore 2.0 includes two sliding whiteboard doors for teaching and display. The doors are mounted using a sleek and strong metal sliding runner system. Doors feature soft closing stops for ease of use and avoid any finger trapping. This sliding door system allows the doors to run smoothly and freely with little resistance.

Code	OneStore Teaching Wall - Locking	Price
B76058	H2100mm x W4000mm D480mm	

Installation is available for the OneStore Teaching Wall 2.0 and is advised. The installation process takes approximately one day per Teaching Wall for completion and is carried out by one of our own installation craftsmen. However, if you would prefer to install the Teaching Wall yourself, then please do not order the installation and we will supply assembly instructions for the OneStore. **Please call us to discuss bespoke sizes and colour requirements.**

Installation (if required) Approximately one day per OneStore

RetroMod School Desk

The traditional, favourite classroom desk.

We have revitalised the traditional, old school desk that remained a firm favourite for generations & created a new look classic that is ideal for the modern classroom.

Ideal for social distancing, the desk is constructed using metal legs, coated in a tough, durable epoxy finish. Includes hinges that match in style to the original desks, maintaining the retro feel of a classic icon.

Width 610mm x Depth 540mm

RetroMod School Desk

The RetroMod Study Desk is the perfect solution to social distancing in the classroom. Textbooks, workbooks, pencils and craft materials can all be safely put away into the storage section of the desk, preventing cross contamination of materials and work.

Please check your desk heights before ordering.

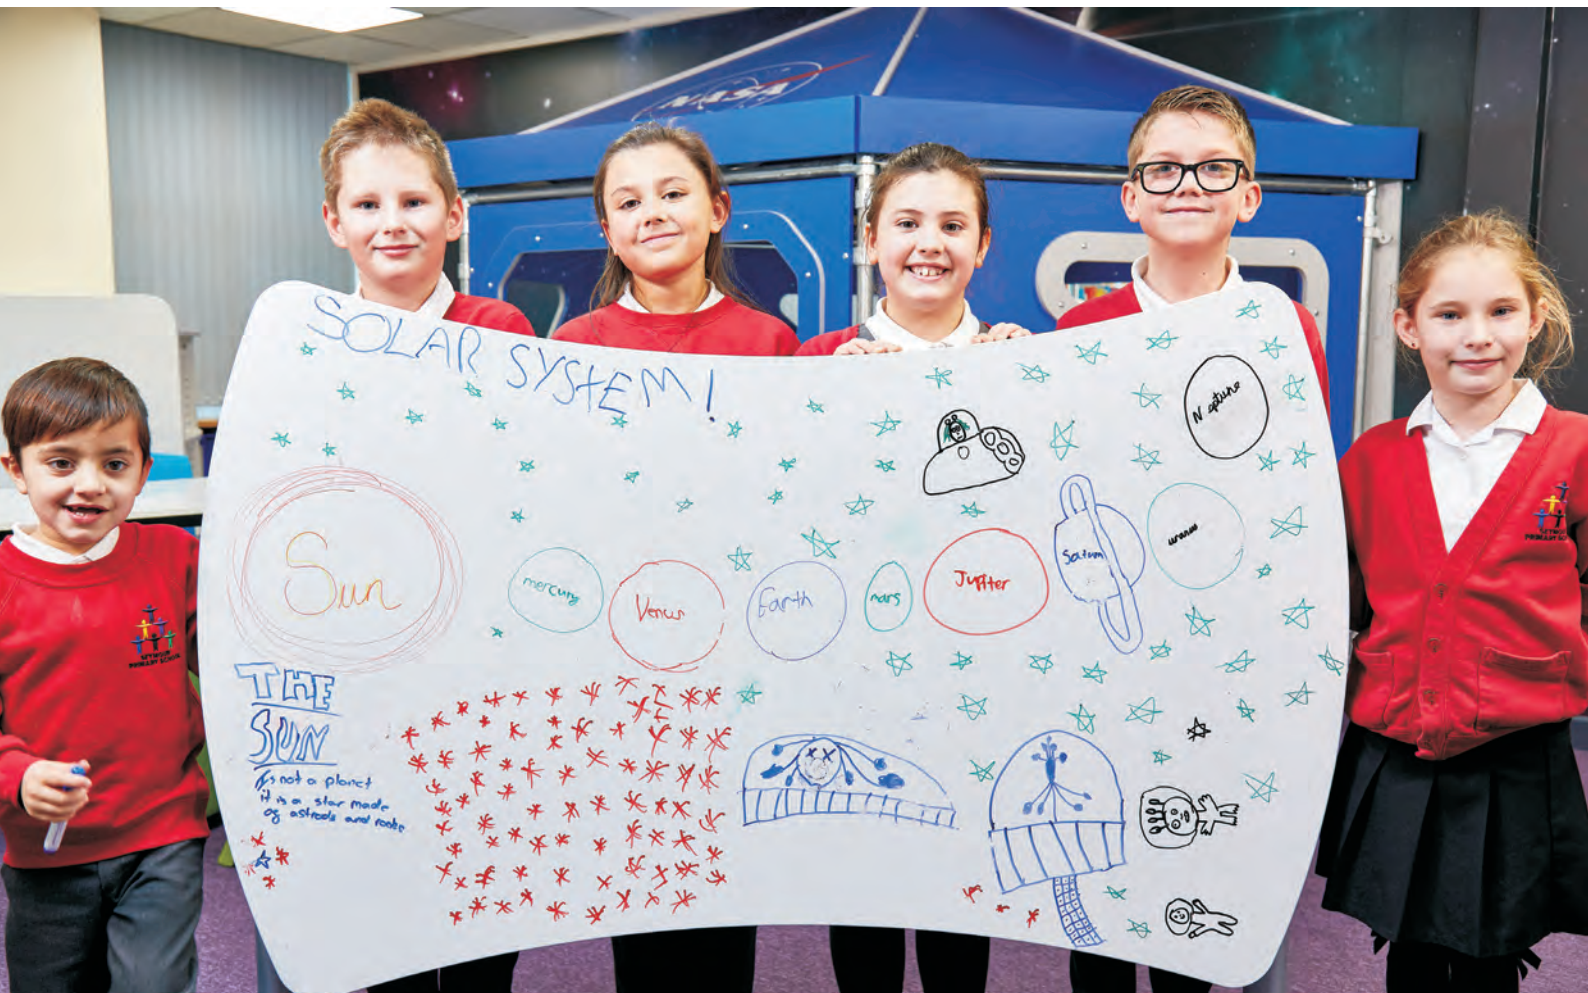

The Utile Whiteboard Table

Flip-Top Mobile Whiteboard Table, for collaboration, presentation and perceptions.

- Began as a way for students to develop their skills in presenting and discussing their viewpoints.
- Can be used for a wide range of group activities, debates, problem solving, pro/con exercises etc.
- Entire lessons are structured around the use of these tables.
- Engages well with students and encourages them to participate in class work.
- Allows students to draft an answer which can be altered.
- Foldable for display or storage.
- Allows teachers to quickly assess how well a class is grasping a concept.
- A good way to encourage students of low confidence to put forward an idea.

Utile Tilting Whiteboard Tables		
B66002	H733mm x W1400mm x D875mm	

Tilts to display

Wipe clean surface

Children's Comments:

- 'It makes lessons more fun because it makes a nice change from writing in books all the time.' **Ronan Y6**
- 'Much more spacious to write on and easier to use than whiteboards in the class.' **Max Y6**
- 'You can show other people your work by flipping up the tables and you can move them around.' **Olivia Y6**
- 'They're really good because I'm not worried about making mistakes because you can easily rub your work out and change it.' **Ayla Y6**

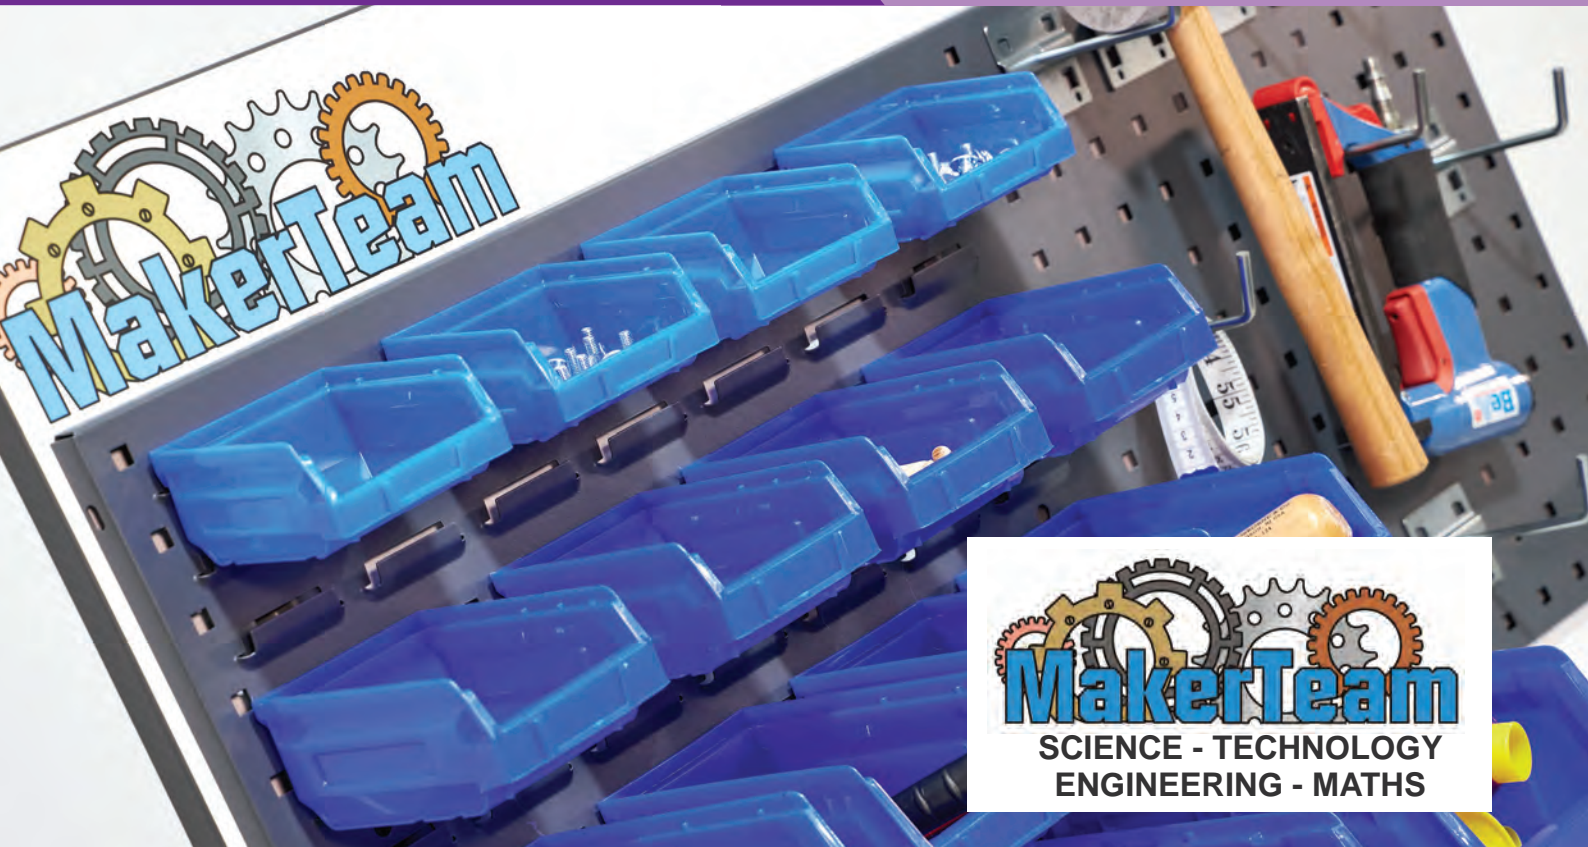

Teacher's Comments:

- 'The tables give the children the opportunity to not worry about mistakes and to try challenges without the fear of failing because mistakes can be rubbed out and easily corrected.'
- There are space constraints that we experience with mini whiteboards that are used in most primary schools.'
- 'They can flip up and children can share their ideas with the rest of the class.'
- 'They help with group work and promote discussion when note making. Four children can fit comfortably around a table and can work collaboratively with plenty of space to write.'
- Ideal for problem solving and can be used for all subjects. The children love the opportunity to use the tables, the novelty never wears off.'
- 'High quality, durable and easy to keep clean.'
- 'Perfect for whole class teaching and for invention groups and suitable for children of all ages.'

Ian Taylor, Head Teacher

Ernesford Grange Primary School

WALL PIGEONHOLES

Wall Mountable Pigeon Holes

Very high quality & stylish pigeonhole units. Formed, clear acrylic shelves are a sturdy 3mm thick & come complete with name strips. There is a downloadable template for Word so you can create neat & tidy names or titles.

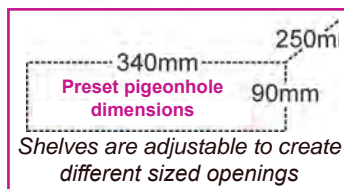

Please note: Acrylic shelves come with a protective film on both sides that should be peeled off before use & then apply the labelling strip.

Units come complete with metal adjustable hanging brackets. Please make sure that the wall you are securing the unit to is solid & able to take the weight of the unit safely. Screws are not provided as you will need to use the relevant type of fixing for your chosen wall. If unsure please consult a qualified tradesman.

Pigeonholes shown in our Oak Finish.

Pigeon Holes

Ideal for sorting post & distributing mail. All pigeon holes are manufactured from quality 18mm laminate & are available in 5 colours - Beech, Maple, Oak, Grey or White.

All shelves are fully adjustable with 32mm hole spacings. The clear acrylic shelves come complete with a label holder for the front - A template for you to download is also available for opening in Word to type in the name or title to give a neat appearance. These units are solid & heavy but we have designed them as modular parts which simply connect together with the supplied fixings.

Three base options are available, a table option, a cupboard option or a high capacity option.

Gratnells Tray Colours

SAVE MONEY & SPEND YOUR BUDGET WISELY

We have now made all of our premium tray units available to purchase without trays, saving your school money.

Many schools replace their tray units simply because the outer carcass has become damaged or unsightly, whilst the plastic trays are still perfectly usable.

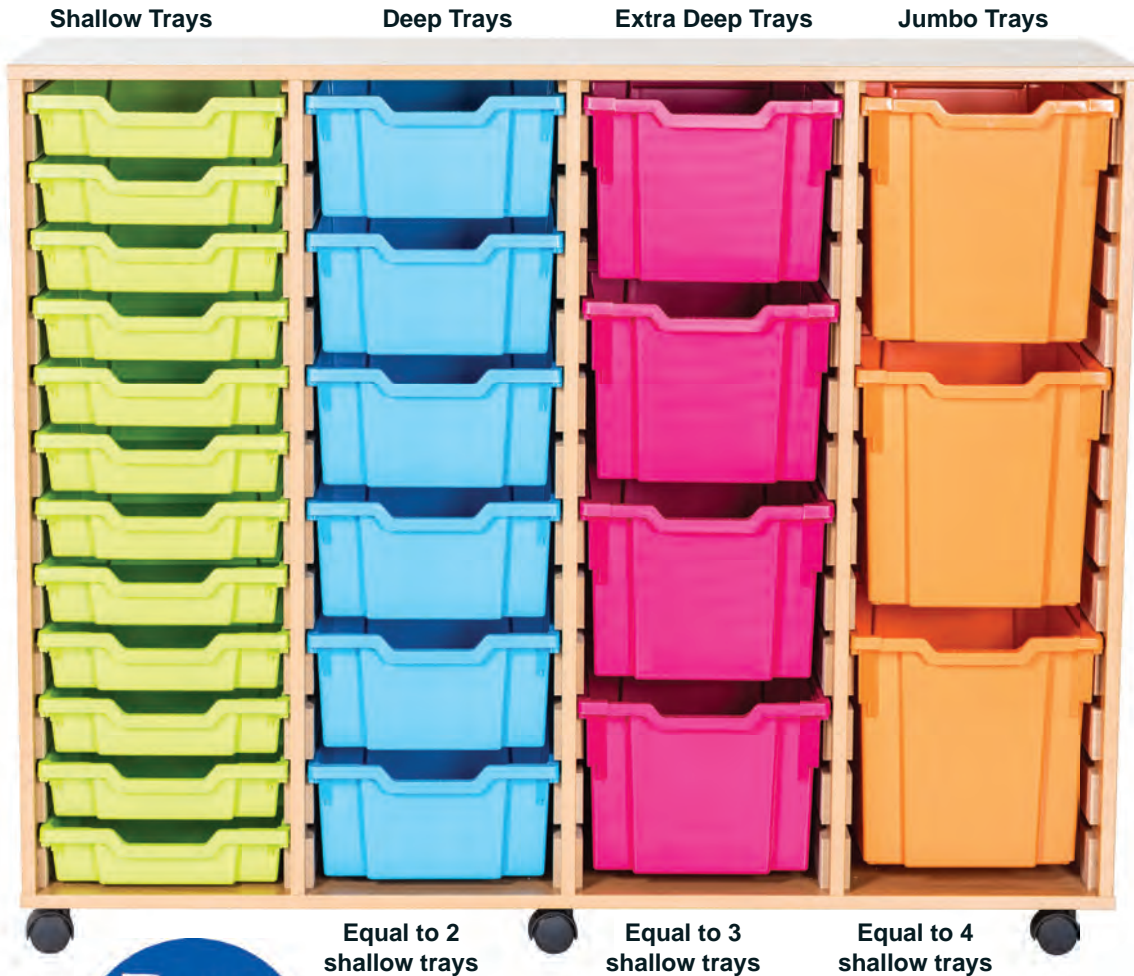

When you see this logo throughout our catalogue that is the amount you will save by reusing your existing trays.

Simply deduct that amount from the unit price when purchasing and add (E) to the end of the code.

Example: A11007(E) = 6 tray unit, supplied empty.

See how much you can save - remember to look for the logo!

Mix & Match tray depths to suit your requirements

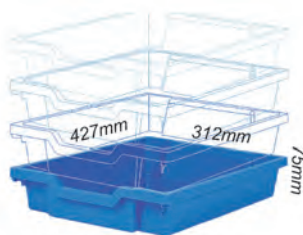

Trays made simple!

Adjustable shelves

Thick, rounded PVC edging adding to safety & long life

KubbyClass Library furniture is a superior quality range of units that are manufactured in a solid 18mm MDF maple finish with a 2mm bump resistant PVC plastic edge with a plywood effect. Available as standard in maple with a choice of 7 colour themes. The majority of the KubbyClass Library range has adjustable shelving with hidden grooves to stop the shelves being pulled directly out. Shelves have to be lifted & then pulled forward to remove. This is a unique safety feature that adds even more to this exciting & colourful range.

As KubbyClass furniture is manufactured by one of the UK's leading manufacturers of educational furniture, it comes with a full 10 Year Guarantee as standard. KubbyClass is a truly superior range.

Kubbyclass® Polar White Library

KubbyClass Polar White furniture is a superior quality range of units that are manufactured in a solid 18mm MDF white outer finish that are available in a choice of 7 colour themes. All units have a durable, 2mm bump resistant, PVC, plywood effect edge. All bookcases have adjustable shelving with hidden grooves to stop the shelves being pulled directly out.

Shelves have to be lifted and then pulled forward to remove. This is a unique, KubbyClass safety feature that adds even more to this exciting, colourful range. Besides the 7 colours in the range, KubbyClass Polar can be supplied in an all white finish throughout.

The range consists of standard size, slimline & double sided bookcases, plus end-cap & D-end units that finish the look off.

Available in 6 heights ranging from 750mm high to 2 metres tall. All units are delivered fully assembled & ready to use, backed up by a 10 year guarantee, an industry first!

Kubbyclass® Polar Library Curved Mobile Bookcases

These double sided units really are a superb range of quality furniture. Supplied on high quality smooth running wheeled castors. Four of the wheels have locks on to secure your unit if needed.

All have adjustable shelving to position where required & have the KubbyClass trademark safety shelf. Available in 4 heights & the usual 7 colour themes. You can mix & match the heights or keep to the same to create curves or circles. Often libraries will have 3 or 4 of these to create a semi-circle where a separate zone is required.

Acorn Soft Furniture is a huge range of high quality, premium standard school furniture that is all manufactured here in the UK, using skilled craftsmen & women & superior materials. The range consists of Early Years, Primary & Secondary, which also includes a large selection of Bean Bags & reception furniture.

Kubbyclass® Teacher Station

A great unit that is now a classroom essential. Ideal to store your laptop securely between classes. Complete with a sliding shelf on metal runners & with three Gratnells trays to help keep things tidy. The KubbyClass® Laptop Tidy is manufactured in a solid MDF Maple laminate with 2mm ply effect edging.

Available in seven colour themes; Lime, Red, Jaffa, Lilac, Plum, Blue, Powder Blue - they can also be supplied in Maple or Beech finish throughout.

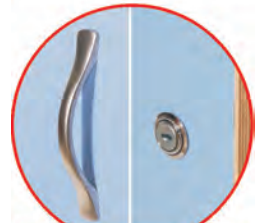

The units are supplied static with a plinth as standard, but can be manufactured to be mobile on castors if preferred.

Choice of 7 colour themes - also available in Maple or Beech finish throughout

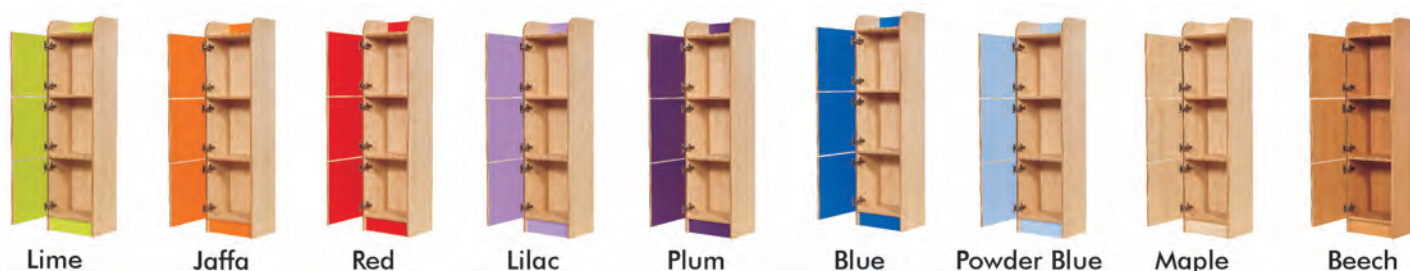

Kubbyclass® Lockers

KubbyClass Lockers are a premium class locker range mainly used for Primary School children. They are available in 1, 2 & 3 door variants. The single door version comes with a shelf & 2 indestructible coat pegs. These quality units are crafted to the highest standard set by the KubbyClass brand using the best materials & featuring a solid 18mm back panel. As with all of the KubbyClass range we offer a Ten Year Guarantee.

The hinges that we use allow the doors to open a full 270 degrees, allowing plenty of access to the locker. The metal nickel handles used on the doors are flush mounted for extra safety so that bag straps do not get caught in busy corridors.

- **18mm thick, solid construction**
- **270 degree opening hinges**
- **Solid 18mm back panels**
- **Flush inset metal handles**
- **Full 10 year guarantee**
- **The highest quality range available**

Kubbyclass® Coat Tidys

KubbyClass Coat Tidys are solidly built to last, constructed with metal legs & frames, solid seats & rails & use coatpegs that have a lifetime guarantee.

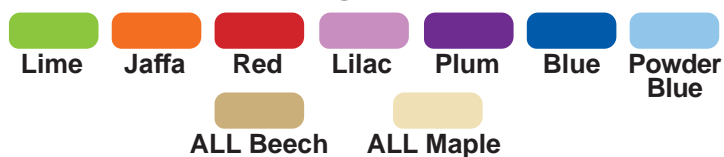

All KubbyClass® Coat Tidys are supplied with fitted storage shelf for shoes & bags.

Each Tidy is supplied with two floor tubes that we recommend are used to secure the units to the floor.

Available in 3 heights & 11 different widths, plus a corner version. Each tidy has a choice of colour themes & coat peg colours.

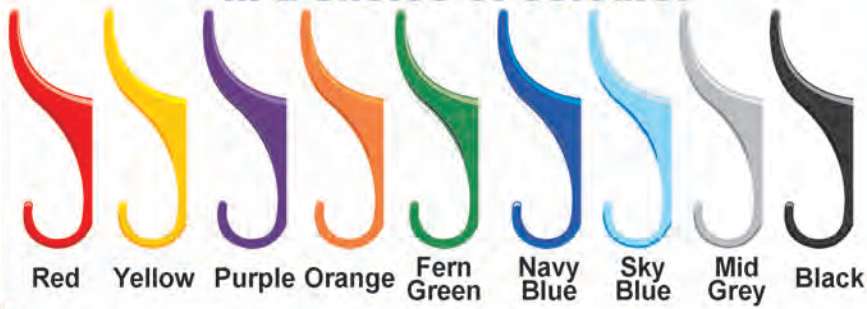

Units are constructed in Maple with a choice of contrasting colour theme

Kubbyclass® Mounted Coat Hooks

The KubbyClass® Wall Mounted Coat Hooks range is available in 18 lengths, ranging from 200mm all the way up to 2m in 100mm increments. Height of backboard is 155mm.

Unlike other manufacturers, we do NOT use aluminium pegs, that are prone to snap & leave sharp, dangerous edges behind, all our hooks are indestructible & will last a lifetime. They are not only tough, but designed with safety in mind.

There is also a choice of 9 hook stock colours to choose from. The backing rails are 18mm MDF laminate with a 2mm bump resistant ply effect edge.

Choice of board colours - or ALL Maple or Beech.

Maple supplied as standard.

Kubbyclass® Early Years

A superior collection of Early Years storage and display furniture to enhance any setting. This exciting range has been designed with the help of Early Years Centre staff to ensure that all items are suitable for their environment. Solidly constructed and delivered fully assembled you can choose from an all Maple finish or add Lilac or Powder Blue top to any of your units to give a hint of colour and interest for your children.

The curved sides have been incorporated into the design to avoid any sharp and dangerous corners.

Open units with no backs allow children to access the items from both sides and the staff can see through and monitor young learners.

Just a few comments we have received:

"The coloured furniture brightens up and refreshes our environment and with the colours being pastel, goes with our original colour scheme."

"Our new furniture is the perfect height for our older children to stand and play at, and has ample storage for toys and all of our equipment. The toys can be easily accessed by the children and the size of the furniture pieces allows several children to play at once."

"It is very hard to find furniture for our under 2's, so we especially love the lower pieces that are ideal for our babies who are not yet walking. The Early Years Foundation Stage (EYFS) is our curriculum and it suggests that toys be accessible at all times to the children, we can now allow this to happen."

"We love the way the pieces have been designed to fit together, being able to do so makes our learning areas flow much better."

acorn

Acorn Early Years soft seating is a range of fun, bright and creative soft seating shapes that can be used to build exciting learning and play areas.

Crafted in the UK and finished by hand. This range is sewn in our Cadet performance vinyl which is latex free, ultra durable and stain resistant. The seating can be easily wiped

clean and features an anti-bacterial Acryltron protective coating.

This range is made from high density foam that holds its' shape. Youngest learners can use the seating to support themselves whilst taking first steps, and older children can comfortably sit for story time or group play.

All fabric choices are flame retardant to ignition source 5 and comply to BS5852 part 2.

Fabric Choices

Cadet Colour choices - the market leading vinyl upholstery range, feels even softer, works even harder and is available in a range of bright and bold colours. Suitable for healthcare & educational environments. Cadet Colours are fire retardant, protected by Acrylton for enhanced durability and shield plus antibacterial defence.

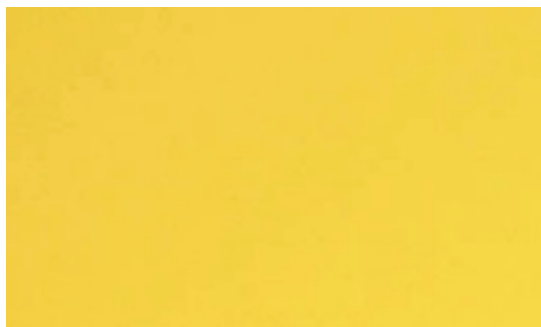

Other colours are available, please call for details.

Fabric Choices

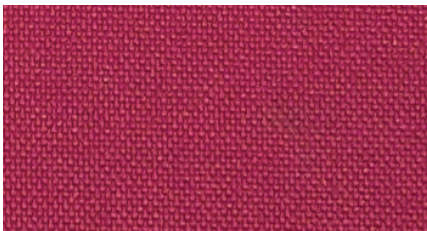

Acorn Bean Bags are upholstered in a robust and long lasting yet soft to the touch showerproof fabric. Suitable for use indoors and out, these bean bags are perfect for taking the classroom outside. Available in a range of bright and bold colours. Each bean bag features an inner bag to prevent any loss of filling. Larger bean bags are designed to be perfectly ergonomic whilst smaller bean bags can be easily transported and moved. The Acorn Range of Bean Bags caters for all age groups and most products can be used between Key Stages.

Acorn Naturals Soft Seating

Inspired by nature, the Acorn naturals range of soft seating is perfect for bringing the outside in. Choose from a selection of fun leaf shapes of our classroom favourite dots & cubes. Neutral & calming colours will look great in any space or environment. These bean bags are showerproof and suitable for outdoor use, so you can even take the classroom outside. Great for group working and encouraging collaboration, children will love using our Acorn naturals soft seating as part of their lesson or during breaktimes as a comfy relaxing seat. Fabrics feature an anti-bacterial coating & are stain resistant. Fitted with inner zip bag to prevent any bean loss over time.

acorn

Acorn Primary soft seating is a range of fun, bright and creative soft seating shapes that can be used to build exciting learning and play areas.

Crafted in the UK and finished by hand. This range is sewn in our Cadet performance vinyl which is latex free, ultra durable and stain resistant. The seating can be easily wiped clean and features an anti-bacterial Acryltron protective coating.

This range is made from high density foam that holds its' shape. Great for creating breakout areas, reading corners or adding bright seating to a library area.

Choose from our matching sets or create your own soft seating bundle to build the perfect learning environment.

Available in a choice of 8 modern, hard-wearing & brightly coloured Vinyls.

All fabric choices are flame retardent to ignition source 5 and comply to BS5852 part 2.

Fabric Choices

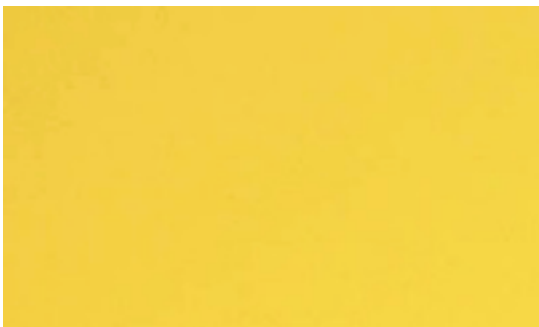

Cadet Colour choices - the market leading vinyl upholstery range, feels even softer, works even harder and is available in a range of bright and bold colours. Suitable for healthcare & educational environments. Cadet Colours are fire retardant, protected by Acrylton for enhanced durability and shield plus antibacterial defence.

Jolly Back Chair

Innovative, low, mobile chair with height adjustable back rest and cushioned wedged seat support. Promotes natural upright posture and reduces awkward bending, twisting and kneeling - all hazardous daily activities of working in early years and primary! Physiotherapist designed.

Large and Medium height chairs are fitted with quality lockable castors for easy, smooth movement when sitting or standing.

Compact for use in limited spaces, features a comfy cushioned seat and tall backrest handle for safe moving - no more hazardous lifting chairs over children's' heads. Teachers can remain seated at child height to engage learners and children don't overstrain their necks by looking too high up (which often happens when teacher's use standard adult height furniture during floor/circle time).

Our Small chair is fitted with non-scratching glides to give posture and health benefits of the wedge seat and adjustable back rest, without the wheels.

Can be used at KS1 and KS2 tables. Weight tested to 110kg/17.3 stone. Warranty 3 years. 3 heights available.

Adult User Height	Pupil Age Range (user mostly working with)		
	Early Years (2-5 yrs)	Key Stage 1 (5-7 yrs)	Key Stage 2 (7-11 yrs)
5'3" and under	Small / Medium	Medium	Medium
